Jessica Lewis from Tampa Bay Estuary Program was here on Wed. Oct 7th to do a presentation on the State of the Bay - "Problems, Solutions and You". She is a long-time visitor of Lake Como and saw the potential of how TBEP and Lake Como could partner with each other to help with the Mission of TBEP. In addition to ways, they can help us here at Lake Como, TBEP has grants we can apply for to do projects in January 2027, Jessica is going to organize a project for volunteers at Lake Como to clean up around Deer Lake.

Thank you to all that attended this educational program!
